

# 312 DRY-HOPPED

## A DIFFERENT SPIN ON 312 URBAN WHEAT

During the most recent hop harvest, our Brewmaster, Jared, got the notion to put some fresh hops into his pint of 312. He liked it so much that we decided to introduce it to Chicago.

312 Dry-Hopped has all of the lemony, doughy notes we love in 312 with extra brightness from the dry-hopping. Drink it fresh. Hope you like it.
