

# NOB CREEK®

kentucky straight bourbon  
WHISKEY

When Booker Noe fathered the small batch bourbon movement over two decades ago, he created Knob Creek® to restore the standards of pre-prohibition style bourbon.

Knob Creek® is aged in only the deepest charred American Oak barrels to fully draw out the natural sugars. Knob Creek® is then bottled at 100 proof to reflect the big, full flavor and patience that defined pre-prohibition whiskey.

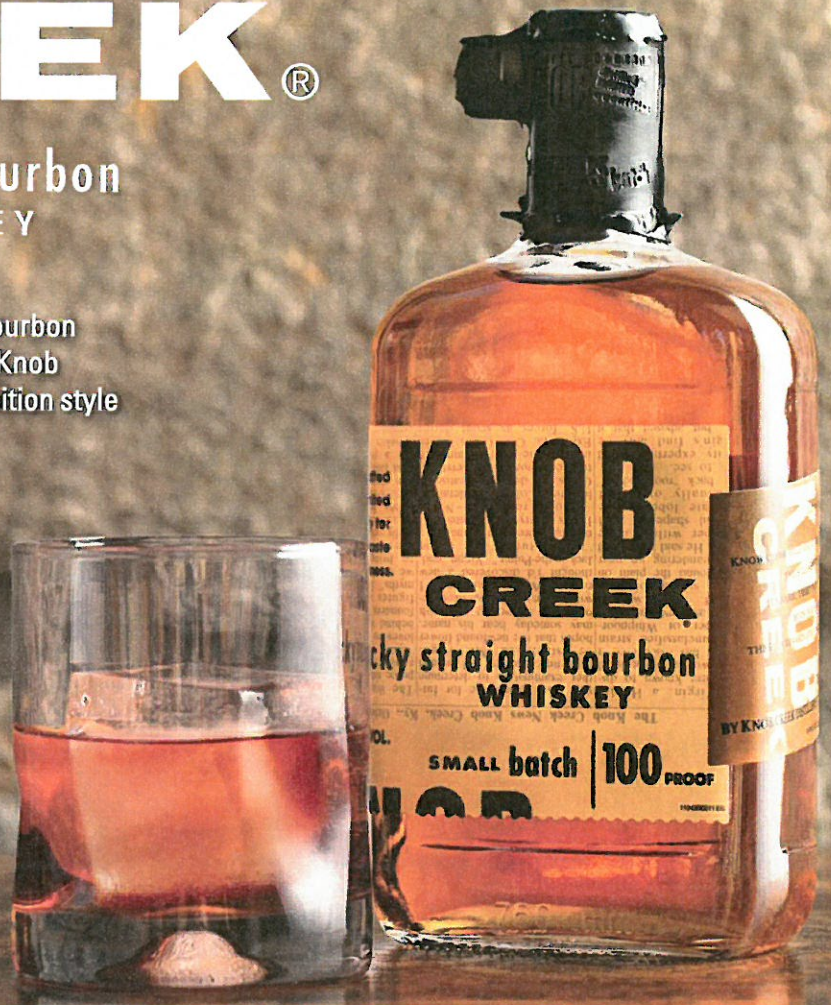

## TASTING NOTES
