ART OF EARTH
MADE WITH ITALIAN
ORGANIC GRAPES

PINOT GRIGIO
TERRE SICILIANE
PRODOTTO E GEORAFICAMENTE
CERTIFICATO

HISTORY For centuries man has taken naturally grown grapes from the rich and fertile soils and created wines in natural ways handed down over generations. Today Art of Earth wines are still created in the same way – from carefully selected organic grapes, harvested in traditional ways and then turned into organic wines with centuries-old natural winemaking methods. The love and passion with which this is done, produces unique, gentle wines bursting with natural flavors – true pieces of art from mother earth.

WINEMAKING Grapes are cultivated according to the method of Organic Agriculture, which is free of fertilizers, herbicides, insecticides, and all other synthetic chemical substances. Candoni Organic Wines are all certified organically grown by the Italian government verification organization. Fermentation at 13 degrees for 15-20 days in a stainless steel tank

TASTING NOTES & FOOD PAIRINGS Pale yellow straw color. Clean aromas of warm peaches, dusty grape skins, candied pineapple and Sicilian nougat with a round, soft, fruity medium body and a stimulating, long tropical fruit glaze and passion fruit custard finish with fine, fruit tannins and no oak. A delicious and pure Pinot Grigio fit for long dinners. Linguini with clam sauce or Pad Thai chicken.
