Riesling

COUNTRY

Germany

REGION

Rheinhessen

ALC. VOL

12.5%

SIZE

750ML

UPC CODE

887724000833

HISTORY For centuries man has taken naturally grown grapes from the rich and fertile soils and created wines in natural ways handed down over generations. Today Art of Earth wines are still created in the same way – from carefully selected organic grapes, harvested in traditional ways and then turned into organic wines with centuries-old natural winemaking methods. The love and passion with which this is done, produces unique, gentle wines bursting with natural flavors – true pieces of art from mother earth.

WINEMAKING The grapes are pressed via tank. The juice is clarified with flotation alongside controlled fermentation with a carefully chosen yeast strain exclusive to Riesling. It is aged 3 to 4 months on the fine lees.

TASTING NOTES & FOOD PAIRINGS A snappy and sophisticated, dry Riesling that shows notes of peach and apple with some decent citrus and pineapple flavors. Pairs well with spicy food, Pad Thai, poultry, shellfish.
