

Whiskey as Bold as New York.

Back Room Deal

Description

New York Straight Rye Whiskey
Finished in Peated Scotch Barrels
ABV 46%, 92 Proof
95% Rye, 5% Malted Barley
Aged a minimum of 3 years
Kosher Certified

We send our ex-bourbon barrels across the Atlantic where they're used to age peated whiskey, then emptied and returned to our distillery where we fill them up again with straight rye whiskey. There's nothing sinister about it, it's just how the world works. A bit of smoke, a bit of spice. Good enough to seal the deal.

Notes

Nose: There's a bit of smoke in the air, and a soft aroma of vanilla, apricot, and brown sugar

Palette: Take a sip, and it's bright and fruity with black pepper and mint, rye spice mingling perfectly with smokey peat notes

Finish: That peat lasts long on the finish, with just a little bit of sweetness

Hudson Whiskey NY

Welcome to New York. It's a city that's bold, yet refined. Artful, and unapologetic. That same spirit seeps into our straight rye whiskey. New York State ingredients meeting New York City ingenuity for rich, grain-forward flavor.

Hudson Whiskey NY

Our Distillery

Hudson is the first legally distilled whiskey in New York since Prohibition and the first bourbon ever made in the Empire State! We've always been known for our big, bold flavor: we like to think of it as New York attitude distilled. Hudson uses high-quality grains from local family farmers. These hearty grains form the backbone of our unique, single grain mash bills, making each release a near pure expression of the grain. Come visit our distillery and see for yourself, located in the heart of Hudson Valley, NY.
