# RANSOM

## HAND-CRAFTED SPIRITS

Ransom Spirits are produced in small lots with obsessive attention to detail and minimal intervention.

Vertical integration and the highest-quality ingredients deliver hand-crafted consistency in every bottle.

We use a hand-hammered, direct-fired French alembic pot still, making all of the selective cuts by taste and smell, without the use of computers or robots.

## MADE IN OREGON

Located in the rolling green hills of the Willamette Valley near the town of Sheridan, Ransom was started by Tad Seestedt in 1997. The distillery initially made small amounts of grappa, eau de vie and brandy, winemaking soon followed.

In 2007, Ransom began production of small-batch gin & whiskey - soon thereafter we combined our distilling and wine expertise to produce our first dry vermouth.

## RANSOM ORGANIC FARM & DISTILLERY

Many grains and botanicals are sourced directly from the Ransom Organic farm. These are then diligently incorporated into our small-batch productions.

Certified organic since 2011, the Ransom farm continues to marry the old and new with every bottle - persistently disrupting and revolutionizing the craft beverage industry.

## GIN

### DRY GIN

Fashioned after Holland's renowned malt wine genevers, our Dry Gin combines the maltiness and hop aromas of the style with a decidedly more intense botanical infusion.

While keeping tradition in mind, we sought to capture the essence of our terroir with the inclusion of the iconic botanicals of Oregon Marionberry and local hops.

The result is a highly aromatic gin with the most compelling attributes that is excellent for sipping neat or mixed.

### OLD TOM GIN

This Old Tom Gin is meant for mixing classic cocktails dating from the 1800's - developed in collaboration with historian, author, and mixologist David Wondrich. A pioneering American craft spirit, this was the first domestic Old Tom Gin to be released since Prohibition.

Its subtle maltiness is the result of using a base wort of malted barley, combined with an infusion of botanicals in high proof corn spirits. This fine gin uses only the very best portion of distillate for this special bottling.

### THE GEEZER OLD TOM GIN

Building on the success of our Old Tom Gin - The Geezer adds richness and depth with extended aging in used French oak wine barrels for three to five years.

Opening with rich aromas of incense, cedar and orange oleo saccharum, this gin is set off by exotic spice notes of cardamom and feak. The palate is rich with caramel and biscuit malt and notes of lemon pastille and coriander. The gin builds warmth and depth towards a honeyed, resinous finish that calls to mind spiced winter baked goods and sea breeze.

## WHISKEY

### WHIPPER SNAPPER OREGON BLENDED WHISKEY

All good things take time - and we took our sweet time selecting premium ingredients, meticulously milling the grain, working and fermenting the mash, and most importantly, making well-considered, ruthless cuts at the condenser.

Aged in new and used American oak, and used French wine barrels for eighteen to twenty-four months.

### RYE BARLEY WHEAT AMERICAN GRAIN WHISKEY

Carefully crafted using the finest distilling traditions and embodying American innovation by blending six grain components. Produced using only the very best portion of the cuts from our hand hammered, direct fire, alambic copper pot still. Matured in used oak Pinot Noir barrels for a minimum of two years.

The result is a whiskey which we feel offers unprecedented depth, complexity, and body.

**WORLD WHISKEY AWARDS - BEST AMERICAN GRAIN WHISKEY**

### HENRY DUYOURE'S RYE RYE WHISKEY

Created to temper the admirable innate feistiness of rye with the rich, supple flavor of malted barley. Produced with a combination of pot & column distillation.

Matured two to three years in mixed oak barrels, resulting in forward and textured flavors of dark rye and demerara punctuated by lively hints of fresh sugar cane and exotic high notes of hibiscus and agave.

**SIP NW AWARDS - GOLD - BEST OF THE NORTHWEST**

### THE EMERALD 1865 STRAIGHT AMERICAN WHISKEY

Inspired by an Irish mash bill from 1865. Grains are milled, mashed and fermented in small batches then hand-distilled according to our senses. Matured in a mix of French and American oak for three years, then hand-bottled, waxed, and labeled.

The result is a highly aromatic spirit with the weight, richness, and complexity which speaks meaningfully to its two provenances; Ireland of yore, and the green hills of Oregon.

### BOURBON WHISKEY

Distilled in Oregon & Indiana Aged a minimum of 2 years in charred American oak, including 12 year-old barrels from french alembic pot stills.

Classic Bourbon notes of toffee, soft caramel, sweet corn, cereal grain, with additional hints of cocoa powder, anise, and a deep honey mouth feel.

The finish has a long spicy Rye warmth with orange zest that gives way to final touch of malt.

## WINE-BASED SPIRITS

### GRAPPA

Aromatic white wine varietals are lightly pressed sending free-run juice to become Ransom wine.

The remaining skins and pulp are immediately protected from oxidation and fermented with yeasts selected for optimum aromatics

This is then distilled in our alembic copper pot still. Only the very best portion of the distillate is retained for this special bottling. Limited-production spirit first produced in 1997.

### SWEET VERMOUTH

Produced with a blend of organically and conventionally farmed aromatic white wine varietals, including Gewurztraminer, Muscat, Riesling and Pinot Gris.

To this base we add brandy, alambically distilled in house and barrel aged in mixed French oak. The Vermouth is then infused with a tantalizing blend of aromatic botanicals many of which are sourced at the Ransom organic farm.
