PROOF: 102 D100F

CLYDE MAYS SINCE 1914

CLYDE MAY'S SINGLE BARREL STRAIGHT BOURBON PROJECT

Clyde May experimented over the 3 years to maintain his well-earned reputation. Early on he discovered his proprietary, award winning Alabama Style recipe. Later in his life, he perfected it by using different proportions of grains in his mash. Aspiring to the same spirit, this limited edition Single Barrel Straight Bourbon has a distinctive, bolder mash bill than our premium, smooth straight bourbon whiskey. Consisting of 75% Corn, 21% Rye and 4% Barley, each barrel is bottled one at a time and hand selected. Its about as close as you can get to knowing a guy, who knew Clyde back in the day.

April 2022
Barrel samples available for presentation and selection

July/August 2022
Production
Each barrel contains its barrel designation

October 2022
Retail delivery
Bottles will be shipped with account's customized hang tag
