VITANI PREMIUM COCKTAILS

The spirits based RTD category trends are white hot and 4-packs are driving that growth.

Vitani was started in 2015 by a local Chicago couple, Jackie and Eric Gichner, and is now proudly a woman owned and operated business focused on selling high-proof, premium vodka-based cocktails. The inspiration for Vitani was to create bartender quality and bartender proof cocktails that were easy to enjoy with out the fuss, mess or ingredient list of a bartender crafted cocktail. Vitani now has four premium expressions that come in sleek, 100% recyclable, resealable aluminum bottles.
