## MAIN POINTS

Main point of difference is that our products contain real fresh squeezed fruit juice. It's first run, cold pressed juice and not from concentrate. There are no added sugars, natural flavors or artificial flavors. Just sparkling water, alcohol from fermented cane sugar and fruit juice. Because there's real fruit juice in the can, it has color, unlike our competitors that are clear. The proof is in the taste and please make sure they're cold when serving. It also helps to tip the cans a little before they're opened due to the real fruit juice settling in the bottom of the can.
