

Cavehill®

KENTUCKY STRAIGHT BOURBON WHISKEY FOUR GRAIN TRIPLE MALT

Our signature four-grain Kentucky Straight Bourbon Whiskey is a homage to generations of proud Louisville distillers. Distinct and unorthodox, this expression sets a new standard for American whiskey while building on the legacy these great bourbon legends created as they traveled down their own whiskey rabbit holes.

Crafted from a unique mash that couples malted grains with corn, this supremium bourbon combines depth with style. Deliberately distilled from our proprietary cooking process and aged in hand-selected barrels, this authentic whiskey is expressly crafted in small batches to yield a flavor like no other.

Festival

We are proud to be selected as the Official Bourbon & Rye of the Sundance Film Festival. Through our innovative spirits and creative culture, we share this organization's focus to celebrate and honor the dreamers and independent makers who create something genuinely authentic and unique.

ONE-OF-A-KIND BOURBON AND RYE WHISKEYS

Rabbit Hole was born to blow the cobwebs off the American whiskey category and pierce through the conformity that had kept it stuck in the 19th century. Rabbit Hole's Founder, Kaveh Zamanian, a former psychologist and psychoanalyst left a 20+ year career to pursue his long-standing passion for fine spirits and American whiskey. He designed and developed Rabbit Hole Distillery in the heart of Louisville as a true craft distillery designed to scale—producing 27,000 barrels every year—and developed one-of-a-kind expressions of American whiskey. With truly singular mash bills, signature malted grains, and custom made/hand selected toasted and charred barrels, Rabbit Hole is the best example of innovation and craft distillation in the States. Rabbit Hole Distillery itself is regarded as the "Architectural Iron" of the Kentucky Bourbon Trail and was named "World's Leading Bourbon Distillery Tour" by World Travel Awards. In 2022, Kaveh was inducted into the Kentucky Bourbon Hall of Fame's 20th anniversary class, cementing his place among industry pioneers and visionaries.

KELVIN COOPERAGE

Strong barrels make the best whiskey. Ours are crafted from new American Oak then toasted and charred with wood-fired furnaces by the Kelvin Cooperage, a Louisville barrel works with its roots in Scotland and its heart in Kentucky's Bourbon Renaissance.

VENDOME

Vendome Copper & Brass Works is only blocks from our distillery and makes the finest stills in the world. Naturally, we enlisted them to design a custom 24-inch copper column still that is the center of our operation.

TASTING NOTES

Nose: Honey, Fresh Apples, and Spice
Palate: Creamy flavors of Orange, Honey, and Mint with hints of Toasted Grain
Finish: Vanilla and Caramel
Serve: Neat, over ice, or in your favorite whiskey cocktail
