

# BLUEBERRY MOSCATO

Blueberry Moscato was one of the first Real Fruit Moscatos on the market. Real blueberry juice is brought to life by Moscato's tropical character and a natural bubble. A hint of carbonation refines the sweetness, making this wine appealing for dry wine lovers, too.

## TASTING NOTES

Real blueberry juice plus botanical essences. Blue sky in a bottle! Moscato wine bursts with fresh blueberry flavor and aromatic hints of honey, lychee, nectarine, and elderflower. Lusciously juicy, bubbly, and light.

## WINEMAKING

Muscat Canelli and Muscat Alexander combine to create our lush Moscato blend. Infused with real blueberry juice and a touch of bubble for a perfectly fun finish.

## PAIRING

Enjoy with all things easygoing. Tasty with burgers, barbecue, charcuterie, or mixed in wine cocktails. Serve chilled or pour over ice for a refreshing delight.
