PROSECCO

MAKE IT POP

Produced in Italy, FitVine Prosecco is designed to meet today's consumer desire for a better-for-you, low sugar alcoholic beverage that tastes great and jives with their active lifestyle.

Our custom blend uses extended fermentation and cross-flow filtration to remove tannins, sugars, and histamines while preserving flavor.

Our Prosecco is also gluten-free and vegan friendly - making FitVine the perfect choice for consumers looking to raise a glass without sacrificing their wellness journey.

So let's pour a glass of bubbles and toast to the fact it's a Wednesday. Or that we just went for a walk or made the perfect grilled cheese sandwich. FitVine Prosecco. Make it pop.
