THE LEGEND OF RICCO

It was the summer of 2018, when the Candoni De Zan sisters, "Barbara and Caterina" were mixing their Candoni Moscato with Italian summer fruits to cater to their friends and family. When they came out with their home-made cocktails, their friends said "Che RICCO" ! It was at that moment that the sisters knew they were on to something. They decided to call their wine cocktails RICCO meaning RICH in Italian as their cocktails are rich in all-natural sweetness and flavor and made with 85% Moscato from their vineyards in Piedmont. Each Ricco flavor will delight you with the very best that the fruit and grape combination has to offer!

Enjoy!
