

PARADISE IS A SIP AWAY!

TASTE

Garnish Reggae Sangria with fresh fruit to make a delicious pitcher—perfect for parties with family and friends. Made with juice from the freshest cherries, pineapples, apples, lemons and limes. For a fizzy sangria, add lemon lime soda or bubbly water just before serving. Cheers, mon!

PAIRING

Just a twist away, Reggae Sangria will make a splash at your pool party or next luau. Try pairing it with a smoky pulled pork, or chicken empanadas so the sun will always shine and the pitcher will never run dry.

HOW IT STARTED

While spending a beautiful day in the Florida Keys, sitting by the beach, and relaxing to the smooth beats of Reggae music, Mark & Meredith Easley had an idea. Give people a party in a bottle and call it Reggae Wine.
