

PARADISE IS A SIP AWAY!

TASTE

Create a fiesta with your friends and step into the sunshine with your ice filled pitcher of Reggae Strawberry Margarita. Sweet and salty like an ocean breeze, just twist and serve over ice. Reggae Strawberry Margarita gives you time to hang your hammock and soak up paradise.

PAIRING

Swirl a lime around the rim of your glass and dip it in a bed of coarse sea salt for a more authentic margarita experience. Pair with Conch Fritters or Lobster rolls to feed the whole island. Raise a glass and beat the steel drum, it's that good straight out of the bottle.

HOW IT STARTED

While spending a beautiful day in the Keys, sitting by the beach, and relaxing to the smooth beats of Reggae music, Mark & Meredith Easley had an idea. Give people a party in a bottle.
