

Suerte Blanco – 750 ml

Background and/or Points of Distinction:

With time-honored, centuries-old methods, Suerte is among only 2% of tequila brands with a single brand owned distillery and among the 1% that uses a tahona wheel to crush their slow-roasted 100% agave pinas. Located in the highlands of Jalisco at NOM 1530, Suerte is dedicated to sharing their love of tequila, creating a premium product with a quality and taste that defies its approachable price.
