

KENTUCKY OWL®

Kentucky Straight Whiskey

CONFISCATED

Kentucky Owl® Confiscated pays tribute to the barrels the US government seized from Charles M. Dedman's distillery just ahead of Prohibition in the early 20th century. Those barrels were never seen or tasted again. It was rumored that before the warehouse burnt down, the barrels of Kentucky Owl were removed and shipped up river to fund the Speakeasy movement. At 96.4%, it is a much more full flavoured and fuller bodied bourbon that will stand up neat, on the rocks or in a cocktail.
