

THE FARM BY 7CELLARS 2021 PINOT NOIR

THE FARM
COLLECTION

Philosophy

At 7Cellars we are passionate about developing a portfolio of world-class wines with a purpose: a collection of approachable yet rewarding vintages that help make our world a better place. Our exclusive partnership with master winemaker Rob Mondavi Jr. and renowned winemaker Mari Wells Coyle allows us to create deluxe offerings to our customers. The Farm Collection below pays homage to a place where many of John Elway's early friendships and fondest memories took place at Stanford University, aka, The Farm. With every 7Cellars bottle purchased, we make a donation to our partners at Team Rubicon, a nonprofit organization that supports, trains, and deploys US Veterans on disaster relief missions around the world.
