

THE FARM BY 7CELLARS 2021 CABERNET SAUVIGNON

Philosophy

At 7Cellars we are passionate about developing a portfolio of world-class wines with a purpose: a collection of approachable yet rewarding vintages that help make our world a better place. Our exclusive partnership with master winemaker Rob Mondavi Jr. and renowned winemaker Mari Wells Coyle allows us to create deluxe offerings to our customers. The Farm Collection below pays homage to a place where many of John Elway's early friendships and fondest memories took place at Stanford University, aka, The Farm. With every 7Cellars bottle purchased, we make a donation to our partners at Team Rubicon, a nonprofit organization that supports, trains, and deploys US Veterans on disaster relief missions around the world.

Tasting Notes

Born in California's bountiful Paso Robles AVA, this elegant and densely structured Cabernet Sauvignon is layered with aromas of dried herbs, forest floor, black spices, vanilla, chocolate and red plum.

Food Pairing

Pair with walnuts, braised greens, blue cheese stuffed flank steak, and rosemary cake for an elevated culinary experience.
