

MAVERICK RANCHES SAUVIGNON BLANC

CALIFORNIA | 2024

Wine Style

Cold-fermented in stainless steel to preserve the vibrant tropical fruit aromas and make a wine that is refreshingly crisp and lively.

Tasting Notes

Refreshing, dynamic and vibrant. It opens with an aromatic burst of fruit such as ripe nectarine, lychee, mango and a hint of citrus blossom. On the palate, it is light yet full of flavor, showcasing citrus and tropical fruits balanced by bright acidity. The clean, crisp finish leaves a lingering freshness.

Blend

92% Sauvignon Blanc, 8% Viognier. Viognier brings complex stone fruit aromatics like nectarine and peach. It offers a nice balance of ripe fruit along with classic Sauvignon Blanc citrus notes like grapefruit and lime zest.

Appellation

Inspired by Donald Hess's passion to explore hidden gem growing sites throughout California, our winemakers seek out the very best vineyards in optimal regions for growing Sauvignon Blanc throughout California.
