

# COPPER & KINGS

## THE ORIGINAL AMERICAN SPIRIT

Brandy was America's first distilled spirit — poured by rebels and aged by revolutionaries. After prohibition, it never truly returned. It's about time.

Distilled from fresh fruit and American wine, aged in bourbon barrels — right here at our distillery

In the heart of bourbon country.

No sugar added. No shortcuts.  
Just the craft, revived.

## STRAIGHT BOURBON FINISHED IN BRANDY BARRELS

A masterful blend of straight bourbons aged 5 to 17+ years, finished for up to three years in apple brandy barrels. This innovative crossover bridges two great traditions, creating something unmistakably Copper & Kings.

AGE: 5+ YEAR | 750 ML | 93 PROOF | 4.5L CASE | SRP: \$29.99

# COPPER & KINGS IS BRINGING BACK THE ORIGINAL AMERICAN SPIRIT

Copper & Kings American Brandy and Spirits Company is independently family-owned, born in the heart of bourbon country with a different mission: to revive America's original spirit. Before bourbon had a name, brandy was poured by rebels and aged by revolutionaries. Then Prohibition silenced the stills. We're here to bring it back.

We distill from fresh fruit and American wine, age in bourbon barrels, and never add sugar or shortcuts. The result is bold yet smooth—tradition honored, rules broken, the American way. Like the horse and copperhead on our bottle, we balance legacy with defiance. What began as a wild idea—a brandy distillery in bourbon country—now drives everything we do. Raise a glass. No permission needed.
