

SALUD TO THE SOUL

La Nima was born out of passion and love. We spent years immersing ourselves in the rich history and tradition of tequila-making, looking not only for best of class but also for the rarest. We found the perfect blend of both artisanal and state-of-the-art produced tequila, and then added a unique blend of herbs to create a very distinctive and intricate flavor and an exceptionally smooth finish- a first of its kind.

In our quest for the perfect name to embody the essence of our journey, we found inspiration in the phrase La Nima—a harmonious blend of Mixteco, Spanish, Kannada, and Sanskrit that translates to “your soul”. LA NIMA Tequila was born a celebration of love, passion, and the timeless connection that flourishes when glasses are raised in unity. Here’s to the soul within every sip. Salud!
