VINIFICATION

It was an excellent season for the Marlborough vineyards where we sourced the grapes for our 2015 Regional Collection Chardonnay. After a cooler start to the season, the region was blessed with consistently warm, dry weather. Extreme heat conditions throughout the summer resulted in smaller berries that produced very concentrated flavors.

After the grapes were crushed and destemmed, they were direct pressed with minimal skin contact to enhance the fruit-forward style of this wine. The clarified juice was fermented at cool temperatures using selected yeast strains. The wine was then racked off fermentation lees and blended immediately after the completion of fermentation. Our 2015 Regional Collection Chardonnay is unoaked, showcasing the fresh, vivid, classic flavors of the Marlborough region.

AROMA

A delicious bouquet of citrus, green apple, and pineapple.

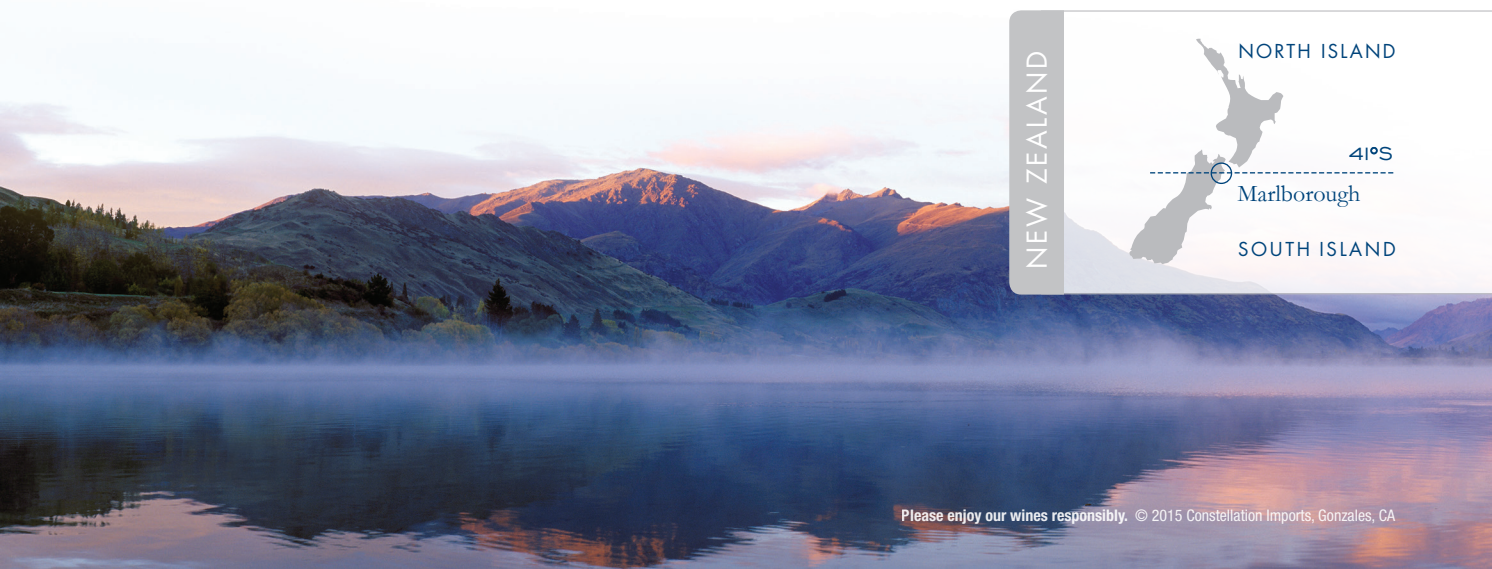

PALATE

A fresh, crisp unoaked style wine from the famous Marlborough region, with vibrant citrus and tropical fruit flavors.

FOOD PAIRING

An excellent match with fresh seafood, grilled vegetables, and chicken.
