ABOUT US

Founded in 1986, the Abita Brewing Company is nestled in the piney woods 30 miles north of New Orleans.

In its first year, the brewery produced 1,500 barrels of beer. We had no idea what we started. Customers loved our beer! By 1994, we outgrew the original site (now our 100-seat brew pub) and moved up the road to a larger facility to keep up with demand.

We brew over 151,000 barrels of beer and 9,100 barrels of root beer in our state-of-the-art brewing facility. Our lagers and ales are brewed in small batches, hand-crafted by a team of dedicated workers with only the highest ideals of quality. This pride, along with our brewing process, is what creates our great brews.

We are privately owned and operated by local shareholders, many who have been with us since day one.

LET'S BE FRIENDS!

Abita uses only the finest ingredients – British and North American malted barley, German and American yeast strains, Pacific Northwest hops and the pure artesian water of Abita Springs.

In Abita Springs, we are blessed with the purest of water. Drawn from our deep wells, our pristine water is not altered in anyway.

Abita Beer has no preservatives, additives or stabilizers and is cold filtered. The result is beer that is the finest and freshest tasting as proven by our loyal customers and great chefs of the south who use Abita Beer in their recipes.
