

Crisp Apple

YEAR ROUND

OVERVIEW

A crisp and refreshing fruit-forward cider that mixes the sweetness of culinary apples with a subtle dryness from bittersweet apples for a balanced taste.

5% ABV, Gluten Free

CIDER-MAKING NOTES

- Made with Italian Culinary and French Bittersweet apples. Culinary apples grown in the Alto Adige region of Italy have a juicy, luscious, ripe apple character, the sweetness of which is balanced by a bright acidity. French bittersweet apples from Normandy and Brittany provide complexity and wine-like characteristics to a cider. They provide acidity, tannins that impact mouth feel, astringency, and fruity cider notes.
