HARVEST PUMPKIN ALE

BEER STORY

In 1995, we crafted our first autumn seasonal—Pumpkin Ale. For our version, we created a beer that was a little different than what was already out there by highlighting flavors we've all grown to love during the season. Our Pumpkin Ale became so popular that it was the first one to be nationally released. Harvest Pumpkin Ale, as it's now called, is crafted with pumpkin and spices of cinnamon, nutmeg, cloves, and allspice for a taste you'll enjoy.
