

NEW 2016 Summer Seasonal: Belgian Table Pils

Taking inspiration from the pilsners of Europe to create a sessionable craft beer.

When our brewmasters travel to Belgium, they always look forward to enjoying classic Belgian Table beers. Traditionally, these are low-alcohol beers brewed to have with a meal and great company. Blue Moon Brewing Company created a twist on this style by making our Belgian Table Pils a more flavorful, yet balanced pilsner.

Belgian Table Pils is a sessionable Belgian-style pilsner brewed with mandarin orange peel and two row Moravian barley for a balanced, refreshing summertime beer.
