2010 CHARDONNAY

SELECTED VINEYARDS, CENTRAL COAST

VINEYARD NOTES

Our Selected Vineyards wines are well-loved varieties from select Central Coast vineyards and represent remarkable value. California's Central Coast offers unmatched blending diversity from its multitude of microclimates. Cool region grapes contribute distinctive fresh fruit nuances and warm region grapes add depth of flavor and complexity. These highly acclaimed wines take no shortcuts and are easily worth twice their modest price.

WINEMAKER NOTES

The 2010 Chardonnay, Selected Vineyards is a refreshing wine with crisp fruit flavors. Nice mineral notes and aromatic citrus segue into green apples and sweet oranges on the palate, with a hint of pineapple in the background. This classic Californian varietal has just a touch of oak, and as a result, a supple body and pleasantly clean finish.
