

The Winemaker's Favorite RED BLEND

FETZER CRIMSON

We gave Winemaker Extraordinaire Dennis Martin a clean palette to create a new wine. From there he went about crafting something remarkably Californian - wine that was smooth, sociable, well-blended and slightly non-traditional.

Fetzer Crimson balances the best of Syrah, Zinfandel, Cabernet Sauvignon and Petite Sirah into a pronounced oak profile with toasty aromatic components. He could enthuse about all the foods perfectly complemented by Fetzer Crimson, but Dennis thinks you should let it stand on its own first. This is a wine to be enjoyed with people.
