What's the first thing that comes to mind when you think of coconut? Tropical beaches? Nimble climbers with machetes? How about our beloved piña colada? Don Q Coco invokes all of these things. Using rum aged 1 to 1 1/2 years, natural essential flavor and extraction of real coconut, it's not just good for a flavored rum, it's a great rum, period. It's also useful wherever there are Bahama Mamas, Rum Runners, and some quality hammock time.
