

FRUSION WINE

LIFE'S A **SPLASH**

“Just a splash of fruit lifts the aromas and punctuates the flavors without distracting from the wine's profile with just the right amount of sweetness balanced by natural acidity.”

TASTE THE SPLASH!

JUICY ORANGE

Of course there are aromas and flavors of orange but that's only the beginning of this quick trip to the Islands. The splash of natural orange essence accelerates the tropical citrus tones of the refreshing zestiness. Lemons, green apple and nectarines mingle in this medium bodied wine with light tannins and a smooth finish. 12% alcohol.

CRISP PEAR

Pinot Grigio's tart clean frame is accented by pear essence which amplifies the wine's stone fruit core with layers of apricot blossoms and nectarines on the nose leading to cleansing pear succulence that dare we say is thirst quenching. Like the cool side of the pillow on its own but equally fitting combating the heat in spicy foods. 13% alcohol.

FRESH PEACH

Pure fruit essence made from ripe, lush peaches highlights the fruit and floral characteristics of this Moscato based white wine. Honeysuckle, citrus blossoms and, of course, peach aromas lead to flavors of melon drizzled with honey and ... peach! Like cobbler in a glass yet light and fresh. 12% alcohol.
