## MICHAEL GODARD VODKA

Michael Godard, "Rock Star of the Art World", is one of the top selling artists on Earth. His art is collected by people from all walks of life - and of all ages - including movie stars, rock stars, politicians and professional athletes.

Michael Godard Vodka uses the finest wheat from the pristine Dutch countryside.

It is distilled five times, resulting in a remarkably smooth, mild flavor. After cooling, this premium vodka relaxes for several weeks as the subtle flavors mature. Only then is it poured into this beautiful, black bottle decorated with Godard's unique art.

## MR. SMOOTH

Stepping out with that special olive for a night of magic and adventure demands the most refined appearance and taste. Whatever the backdrop, from the Dutch countryside to big city nightlife, nothing says "cool" like the pure, smooth flavor of Michael Godard Vodka.
