

# MIJA

**100% UNFILTERED FRUIT JUICE**  
**MIJA (MEE-HA) MEANS DAUGHTER IN SPANISH**

Mija sangria is a premium sangria made just like you would make it at home, with two simple ingredients: premium red wine and 100% real unfiltered fruit juice. Mija is a fruit forward sangria with the acidity, aroma and dry finish you would expect in wine.

The refreshing fruit flavors come from 100% real unfiltered fruit juices including super fruits that are packed full of antioxidants.

#### **POMEGRANATE**

A good source of vital B-complex vitamins, vitamin C, vitamin K, and minerals like calcium, copper, potassium, and manganese.

#### **AÇAÍ**

One of the newer superstar 'super foods', full of antioxidants, amino acids and essential fatty acids.

#### **MEDITERRANEAN BLOOD ORANGE**

Contains Vitamin C and Anthocyanin which seems to help lower LDL or "bad" cholesterol.
