## ABOUT NOT YOUR FATHER'S BOURBON

Small Town Craft Spirits internalizes small town American values – passion, pride, and ingenuity – and incorporates them into every aspect of our distillation. Quality bourbon is always at the core of our spirit, so we add ingredients that enhance its flavor, not mask it. Our fathers might have taught us the recipe, but Not Your Father's Bourbon is evolving it.

This 86 proof, small batch bourbon is not your ordinary bourbon. While most flavored whiskeys taste more like the flavor than the actual whiskey, Not Your Father's Bourbon believes that whiskey is the important part. That is why we added just a touch of vanilla for a smooth finish that is not too sweet.
