We're OBSESSED with mangos. There, we said it. But you know what makes a hint of mango flavor even better? A splash of refreshing coconut water and nothing to do all day but lounge.

MANDARIN ORANGE

Truth is, "mandarin" is just a way of saying "really tasty orange." And with a refreshing splash of coconut water added to a hint of mandarin orange flavor, it's a drink that's anything but flat.

BLACKBERRY

Sweet, juicy and tart – sounds like fun to us. With a refreshing splash of coconut water and a hint of blackberry flavor. Refreshing? Totally. Still? Absolutely. Flat? Not a chance.
