

Kerrygold Reserve Cheddar

FEATURES

Sharp, strong flavor from 24 months of aging, with a rich, creamy, smooth finish

Made with milk from grass-fed cows

No added growth hormones or antibiotics

Clean ingredient deck (pasteurized milk, salt, cheese cultures, enzymes)

BENEFITS

Kerrygold Reserve Cheddar is ideal for both snacking and cooking. It melts down smoothly- enhancing any meal with its rich flavor profile.

Our milk is rich in beta-carotene, giving Reserve Cheddar its rich, natural, golden color and creamy texture

The ingredients used to make Kerrygold butter and cheeses are all natural, and are trusted by our consumers

Reserve Cheddar is a healthy snack and a good source of protein, with a protein daily value of 15%, and it's gluten free

Pairs with Merlot, Cabernet Sauvignon, Meritage, Irish Stout, hoppy IPA's, Double IPA's
