Was founded in 1998 on the North Mall in Cork City and is built on the site of an old Franciscan monastery and well, which dates back to the year 1219. Legend has it that the water from the well has spectacular qualities and people would come from afar to partake.

The Brewery has combined modern technology with age-old tradition in forming classic beer styles including lager, ale, stout and wheat beer.

All the beers brewed at Franciscan Well contain no chemical additives or preservatives and are made with the best ingredients.

THE BARRELS ARE THEN RETURNED TO MIDDLETON.
