5 grams of carbohydrates

Simple ingredients. No sulfites, no artificial sweeteners, no preservatives

Naturally gluten-free (no barley, no wheat, no sorghum)

Cold-pressed fruit essence

Purified water

SpikedSeltzer Story

SpikedSeltzer was created in 2012 by Nick Shields, who began formulating five gallon batches out of his garage in Westport, CT. The unique beverage, which he made by combining disciplines of brewing and winemaking, focuses on simple and natural ingredients. The goal was to create a clean, crisp, bubbly drink that lacks the sugary sweetness of wine and the heaviness of beer. After refining nearly 100 batches, the original hard seltzer was born.
