

INTRODUCING
SPUD® SWEET POTATO
PUMPKIN SPICE VODKA

THE VODKA WITH DIFFERENT ROOTS.

- 100% GLUTEN FREE
- 5 TIMES DISTILLED
- IMPORTED FROM POLAND

Building off of the success of Spud Vodka's initial flavors (Red Hot Chili Pepper, Ginger Lemongrass and Heirloom Tomato), the brand is poised for further expansion with the introduction of their latest offering, Pumpkin Spice Sweet Potato Flavored Vodka. "Launching our new flavor in September was no accident", said Norman Schwartz, Managing Partner of Spud Partners LLC. "Spud Pumpkin Spice Sweet Potato Flavored Vodka is the perfect drink for the upcoming holiday season. The sweetness of the pumpkin combined with the earthiness of the potato make for a totally unique taste that people will not have experienced before. I hope that everyone will make it a part of their Thanksgiving holiday tradition."

Like all Spud vodkas, it is imported from Poland, 100% gluten free, 100% pure and distilled 5 times for a clean, smooth taste.
