BIG BOLD RED

[yellow tail] Big Bold Red is made with grapes sourced from the highest quality vineyards. Once the grapes are crushed and stems removed, they are fermented on skins in contact with oak. Temperature controlled fermentation ensures maximum varietal flavor, color and tannin extraction. Winemakers then skillfully blend to make a wine that stands out from the crowd. The big, bold fruit flavors of the wine make for easy drinking all the time, every time. The wine is bottled at the winery in Yenda, New South Wales.
