

## PORT CASK FINISHED VIRGINIA - HIGHLAND WHISKY

Our flagship Port Cask Finished Virginia-Highland Whisky is made from 100% malted barley and showcases both Old World and New World whisky making. Virginia Distillery Company marries American Single Malt whisky made on-site in Virginia with aged malt whisky from Scotland. A focus on cask finishing in Port casks adds depth and complexity.

This batch incorporates Port-style wine casks from Virginia as well as traditional Tawny Port casks and is finished for a minimum of 12 months.

Coppery gold in color, this whisky offers aromas of vanilla, black cherry and dark chocolate. Barrel smoke mingles with sweetness from the fruit, developing into cocoa and melding into a rich mocha note on the palate. The finish lingers with hints of clove, cinnamon, and caramelized sugar.

### ABOUT VIRGINIA DISTILLERY COMPANY:

Virginia Distillery Company is located amongst the Blue Ridge Mountains in Nelson County, Virginia, about 30 minutes south of Charlottesville off Route 29 in Lovingston, Virginia.

The distillery's signature American Single Malt whisky, called Courage & Conviction, is being distilled on-site using the 15,000 square foot facility. It is produced and aged using the influence of Virginia's Blue Ridge Mountains.

Staffed by a local Virginia team mentored by Scottish consultants with decades of experience, Virginia Distillery Company expects to produce approximately 2,500 casks during 2018, its third full year of operation. At full capacity, the distillery can produce over 8,000 casks yielding 350,000 4.5L cases annually.

Virginia Distillery Company is open daily for tours and tastings.
