

MCQUEEN AND THE VIOLET FOG

21 DIFFERENT
BOTANICALS

McQueen and the Violet Fog is an extraordinary gin handcrafted from 21 different botanicals – the most of any gin we know of! We use two different distillation methods, maceration and vapor infusion, to achieve the smoothness and complexity of our gin. See what you taste in your glass:

6 SIGNATURE BOTANICALS

INDIAN BASIL LEAVES: Bold, herbaceous flavor, revitalizing mint and slightly peppery taste.

PORTUGUESE ROSEMARY: Fragrant, perfume-like sweetness that lingers in the finish.

ITALIAN FENNEL SEED: Anise-like flavor, spicy lemon top note.

PHILIPPINE CALAMANSI: Sweet citrus, lime.

VIETNAMESE STAR ANISE: Counterbalances earthy botanicals, adds licorice.

BRAZILIAN AÇAÍ: Sweet blackberry-like taste with a hint of dark chocolate.

15 PREMIUM BOTANICALS

MACEDONIAN JUNIPER BERRY: Fragrant and spicy, with hints of lavender.

MOROCCAN CORIANDER SEED: Complex citrus flavors of sage and lemon.

INDIAN LEMONGRASS: Light, citrusy and earthy notes.

NORTH INDIAN ORRIS ROOT: Floral notes, slight licorice flavor, sweet and dry.

BRAZILIAN GUAVA: Light, sweet, tropical fruit aromas.

FRENCH ANGELICA ROOT: Deep earthy flavor, slightly herbal.

SEVILLIAN ORANGE PEEL: Light and juicy, sweet citrus notes.

INDONESIAN JASMINE: Adds a pleasing, fragrant aroma to the gin.

PHILIPPINE LEMON PEEL: Candied lemon, tart, crisp and fresh.

TURKISH CUCUMBER: Cool and crisp, lovely light cucumber flavor.

BULGARIAN ROSE PETALS: Light strawberry sweetness with a minty undertone.

SINGAPOREAN POMELO PEEL: The grandfather of grapefruit. Rich, bittersweet citrus fruit.

INDIAN GINGER: Sharp, spicy and sweet.

SRI LANKAN CASSIA BARK (CINNAMON): Adds spicy, earthy tones to the finish.

INDONESIAN NUTMEG: Earthy sweetness, adding gentle heat to the taste.
