

PERONI

ITALIA

Brand Story / History

- In 1846, Francesco Peroni established the first Peroni brewery in Vigevano.
- By 1963, The Peroni family had a vision for a beer with a pale, golden color more reminiscent of Prosecco than the darker beers of the time. The result was Peroni Nastro Azzurro, a refined beer with a distinctive crisp and refreshing taste and a balanced aroma, and the perfect accompaniment to the flavourful foods of the Mediterranean.
- Today, Peroni is the most vastly sold Italian beer in the world.
