# CABERNET SAUVIGNON

## *2020 Paso Robles*

Over the years, we have added new varietals, blends, and appellations to our Diamond Collection, especially when we find unique vineyard sources. Our Diamond Collection Appellation Series Cabernet Sauvignon continues this tradition by being the first wine in the Diamond Collection to be primarily sourced from Paso Robles. Paso Robles is an appellation known for its varied topography, soils, and meso-climates. This Cabernet Sauvignon is an exciting member of our family of Diamond Collection Cabernet Sauvignons, expressing vibrant notes of black fruit and spices, with an opulent body and long finish.

### WINEMAKER'S NOTES

The 2020 Diamond Collection Appellation Series Paso Robles Cabernet Sauvignon boasts delightful notes of black cherry, peppercorn, and blackberry on the nose. Concentrated flavors of black and blue fruits, spices, vanilla, and tobacco fill out the opulent body and long finish. Engaging and fruity, this wine is full-bodied and intense, with supple tannins and sophisticated character with a long finish.
