Vineyards & Winemaking: The cool, dry and coastal climate of the Awatere Valley in Marlborough, New Zealand gives this wine its special mineral and herbal character. The wine is crushed, de-stemmed and given a cold soak prior to fermentation in 100% stainless steel.

Taste: An expressive wine with bright citrus, lemon zest, grapefruit and undertones of fresh cut grass. The mouth feel is crisp and clean with racy acidity, lively fruit and a hint of minerality on the finish. This is classic New Zealand Sauvignon Blanc.

Notes: Sauvignon Blanc is the darling of Marlborough, and it's also the darling of the 90+ Cellars portfolio. Lot 2 is our most popular wine, and after one taste you'll understand why.
