

# Double Decker

## RED BLEND

**Appellation:** California

**Alcohol:** 13.0%

**Vineyard:** The grapes were harvested from select vineyards in California, whose topography, soils and climate provide optimal growing conditions for the components of our Red Blend.

**Fermentation:** The grapes were fermented in upright stainless steel tanks at a cold temperature to retain aromatics and fruit flavors.

**Aging:** The components of this proprietary blend were aged separately in a combination of neutral oak and stainless steel tanks.

**Description:** At Double Decker we've made it our passion to create doubly-delicious, easy-to sip wines that pair perfectly with the adventures of your life. Our Red Blend, an exciting blend of Cabernet Sauvignon, Petite Sirah and Barbera, has mouth-filling flavors of blackberry, black cherry and plum to create a robust, yet smooth red wine. *Hop on the Bus!*
